

# Balance Sheet Time Series Report

[Return to Balance Sheet Model Overview](#)

This report shows financial amounts that are stored in the [Balance Sheet](#) cube. It focuses on comparison of data via charts. Figures can be analyzed based on years, quarters, and months. Amounts can be shown in local currency or converted into one of the target currencies.

## Report Heading

The screenshot below shows the heading area of the Balance Sheet Time Series report. The report heading updates dynamically as various reporting options are selected. The logo can be changed in Administration; see [Configuring Design Elements](#) for more on report design.

The heading area of the report displays the following fields:
