

Exchange Rates_YTD Cube

[Return to Financial Consolidation Overview](#)

The currency conversion works with any exchange rates stored in [Exchange Rates_YTD](#) cube. These exchange rates can be maintained through:

- manual input using the [Exchange Rates](#) report or an ad-hoc view
 - using one of the [interfaces](#) to import exchange rates provided by the European Central Bank
 - a custom import procedure implemented in the Integrator on Jedox Web
-
