

# My Workflow Activities

Return to [Workflow Building Block Overview](#)

As end users, you progress workflow tasks to completion. The [My Workflow Activities](#) report guides you through this progression.

The [My Workflow Activities](#) report gives a glance at your workflow tasks and their respective workflow activities. The logo can be changed in Administration; see [Configuring Design Elements](#) for more on report design. The table below the logo displays the the current workflow tasks and their properties. You can open the report assigned to the task in the Assigned Reports column. A simple click on the ellipsis opens the [Workflow Detail](#) form, where you can view and change the status of workflow tasks, [see full article](#).

Task	Step Dimension	Current Activity	Due Date	Assigned Reports
Custom Budget 2020	AMER	Data Entry	05/21/2019	Custom Budget ...
	Afghanistan	Review	05/27/2019	Custom Budget ...
	Armenia	Data Entry	05/21/2019	Custom Budget ...
	American Samoa	Revise	05/29/2019	Custom Budget ...
	Australia	Review	05/27/2019	Custom Budget ...

Field	Description	Implementation
Task	Displays the workflow task (e.g. Custom Budget 2020)	Selection of element from the <a href="#">WF_Task</a> dimension
Step Dimension	Displays the element shown as localized name	Elements of the step dimension showing the localized <a href="#">Name</a> attribute
Current Activity	Displays the localized <a href="#">Name</a> attribute of the element of the <a href="#">WF_Activity</a> dimension	Identifies the element of the <a href="#">WF_Activity</a> dimension that has the value <a href="#">0</a> on the <a href="#">State (Consolidated)</a> measure in the <a href="#">WF_Status (&lt;Step Dimension&gt;)</a> cube. This is taken from the the <a href="#">0</a> (Not applicable) element in the <a href="#">Event</a> dimension. The access is encapsulated by the <a href="#">workflow_get_current_activity()</a> function in the <a href="#">workflow.php</a> library.
Due Date	Displays the <a href="#">Due Date</a> of the workflow activity	<a href="#">Due Date</a> measure of the <a href="#">WF_Task_Definition</a> cube
Assigned Reports	Opens the report to which the workflow task is assigned	The <a href="#">Assigned Reports</a> measure in the <a href="#">WF_Task_Definition</a> cube
...	Open the 'Workflow Detail Frameset' form	Opens <a href="#">//Default/CustomApplicationName/&lt;Model Name&gt;/Reports/Detail/Model Name&gt; Detail.wss</a>
